The Department of Agricultural Process Engineering and AICRP on Post Harvest Engineering and Technology, Dr. PDKV, Akola are jointly organising National Level Essay Competition on the occasion of Engineers Day Celebration. The topic of essay competition is **“Contribution of innovative agricultural processing technology/ machinery in farmer’s prosperity and need of new technology/ machinery in context of the above”**. The essay competition is grouped in four categories viz.,

Category I : Under Graduate Students

Category II : Post Graduate and Ph.D. Students

Category III : Faculties (any cadre)

Category IV : General – not covered in above categories

The essay should be typed on A-4 size paper with maximum limit of 2000 words (MS word, Times New Roman, font size 12 with 1.25 line to line spacing). The first, second and third prizes will be awarded to the best essay in all the categories. The medium of instruction for participation in the competition is English. The prizes along with certificates will be awarded on 26th Sept. 2018 and participation certificates will also be given to all participants on same day. The time and venue will be conveyed in due course of time.

All the participants are hereby requested to submit the manuscript of essay in soft copy on the email-id pdkvnlec2017@gmail.com and to mention full name, complete address, phone number (mobile no. and landline no.), Email id and Essay Category, followed by Title of Essay main content thereof.

Last date of submission of essay is 15/09/2018.

The results will be conveyed to successful candidates on 21/09/2018.

The circular may please be given wide publicity among staff, students, progressive farmers, agro processing entrepreneurs, friends and colleagues.
