# FOREWORD

# FOREWORD

Chaudhary Charan Singh Haryana Agricultural University (CCS HAU), one of the oldest and leading Agricultural Universities of the Country has made a mark not only on the national scenario but also at the international level. It has been continuously making significant contributions not only in field of Agricultural Education & Research but also in Extension and Training. The Haryana Agricultural University came into existence on 2nd Feb, 1970 as a result of reorganization of the erstwhile Punjab Agricultural University, through a Parliamentary Act. This University was reincarnated as Chaudhary Charan Singh Haryana Agricultural University as a consequence of the amendment to the Haryana and Punjab Agricultural Universities Act.

CCS HAU has eight constituent Colleges/Institutes for Human Resource Development through effective teaching to the student community. To cater to the region specific research needs of the State, the University has established seven Regional Research Stations. Nineteen Krishi Vigyan Kendras are spread across the State for effective transfer of technology. Since the establishment of the University, it has developed 250 new and improved varieties of various crops; 533 MoUs have been signed at the National and International level and so far, the university has also approved 17 patents, 5 copyrights and 2 designs. The university has also been awarded several awards at National and International level. Among these, the University has fetched Best Institute Award by ICAR twice i.e. in 1996 and 2016, several Best AICRP Centre Award; Mahindra and Mahindra Kishi Shiksha Samman 2015 and 2019; ranked 4th among the Agricultural Universities in 2017; 2nd Best Agricultural University in the Country for the year 2018; under NIRF 2019, the University ranked overall 4th (including ICAR Institutions and State Agricultural University) in the country and recently it has also topped among Agricultural Universities in Atal Ranking of Institutions of Innovation Achievements (ARIIA-2020).

The University holds an unmatched position in the Nation's Agricultural Education System and contributes its specialized skills and knowledge towards the development of the nation. The bountiful scientific work of the University is being carried out through its dedicated and highly educated faculty. The faculty of the University is distinctive as it is truly a culmination of talent, knowledge and field experience. Innovative teaching methods used in synergy with research knowledge and practical experience make the academic programmes contemporary, thought provoking and need based in their perspective. The University faculty has also gained very high positions in National Agricultural Research System. This has largely been possible because the University has succeeded in bringing the finest brains under its canopy. I am happy that the Manpower Assessment Cell (MPAC), Directorate of Human Resource Management (DHRM) has taken a lead and made a creditable effort in cataloguing this intelligentsia under a single comprehensive head, i.e. The Faculty Profile. I must appreciate the efforts made by Drs. M.S. Sidhpuria, Director (HRM) and P.S. Sangwan, Joint Director (MPAC), DHRM, who have worked painstakingly and patiently towards the development of the Profile. This publication will provide complete information on the faculty of the University and will prove to be of great help to all concerned.

Vice-Chancellor

**Prof. Samar Singh**

Vice-Chancellor  
Chaudhary Charan Singh  
Haryana Agricultural University  
Hisar

# PREFACE

Over the last five decades since its establishment, CCS HAU has become a premier institute for advanced scientific and technological research, extension and education in India in the field of agriculture. It has an excellent infrastructure to achieve its research, extension, education and social objectives. So, distinguished and talented is its faculty that many faculty members are renowned experts in their respective fields of specialization. A need was felt to catalogue their information under one umbrella to bring it to the public domain; hence, the Faculty Profile. The Faculty profile will prove to be a very important resource for this University and its faculty and staff, other State Agricultural Universities (SAUs), Indian Council of Agricultural Research (ICAR) Institutes, Government Organizations, Policy Makers, Students and others who seek experts on a diverse range of topics.

The Faculty Profile for the first time was published in November, 2008 based on the data collected from the Faculty of CCS HAU under ICAR, New Delhi research project entitled “National Information System on Agricultural Education Network in India” (NISAGENET). The dully efforts made by then PI of the project is fully acknowledged. Later on, updated version of the same was published in 2017 and 2018. Since then, a large number of faculty members have superannuated and at the same time, during the tenure of the then Vice-Chancellor, the recruitment process has been expedited and a large number of new Faculties joined the University in the recent post. Hence, the need to publish an updated Faculty Profile was realized so that it could also cater to the need of various organizations that requisition the faculty information from time to time for various purposes.

Important information like name, present designation, field of specialization/area of interest, date of joining in CCS HAU/on the present post, place of posting and date of birth of the faculty member has been complied in the present publication. The mobile numbers and E-mail IDs as furnished by the faculty have also been included. The information has been arranged College and Department wise in alphabetical order. For the purpose of present profile, the faculty (including faculty posted at Regional Research Stations, Krishi Vigyan Kendras and College of Agriculture, Kaul and Bawal) has been listed under their parent or related department irrespective of the places of their present posting. All the designations of University faculty have been culminated into the following twelve designations:

- Teaching : Assistant Professor, Associate Professor and Professor
- Research : Assistant Scientist, Senior Scientist and Principal Scientist
- Extension : District Extension Specialist, Senior Extension Specialist and Principal Extension Specialist
- Directorates : Assistant Director, Joint Director and Associate Director for those who are in various Directorates of the University

We feel indebted to the Deans, Directors and Head of the Departments of CCS HAU for their ever available help and cooperation. We thank the respondent faculty whose active cooperation made the present task possible. Our sincere thanks are also due to all the colleagues in the Directorate of Human Resource Management who were always forthcoming with help during the course of present venture.

**(M. S. Sidhpuria)**

**(P. S. Sangwan)**

# College of Agricultural Engineering and Technology

# College of Agricultural Engineering and Technology

## (Establishment in 1992)

The college has five departments and offers Graduate program leading to a degree in B.Tech (Agri. Engg.) and Post graduate programs leading to M.Tech. and Ph.D degrees in the disciplines of Farm Machinery & Power Engg., Soil and Water Engg. and Processing & Food Engg. Agricultural engineers integrate technology with farming and related infrastructure to make agriculture sustainable, profitable and competitive enterprise. From Dec 2019, Centre of Food Science and Technology has also now been merged in College of Agricultural Engineering & Technology.

### Key Features

- ❑ Agro Processing Centre having demonstration of small scale processing facilities for its adoption at village level.
- ❑ Well equipped infrastructural facilities for testing of farm machinery.
- ❑ Automated micro irrigation facilities on irrigation and fertilization scheduling of vegetable crops.
- ❑ Instrumentation cell for the repair of refrigeration and air conditioning equipments and other scientific instruments.
- ❑ Student placement in tractor, irrigation and processing industry as well as government and banking sectors.
- ❑ Effective liaison with private industries for R&D related to Farm Machinery.
- ❑ A total of 752 B. Tech. (Agril. Engg.) and 114 M. Tech. (Agril. Engg.) has completed their degree programme up to academic year 2018-19.

### Centre of Food Science and Technology

The University started Department of Food Science & Technology in College of Basic Sciences & Humanities in Sep 1996 to offer Masters' degree in Food Science & Technology. In 2001, it was decided that a multi disciplinary Centre of Excellence in Food Science & Technology be created in place of existing Department after taking some components from allied Departments of the the University. Consequently, a Centre of Food Science & Technology (CFST) was established in 2002 and since then it is working on different aspects of food processing, preservation and quality control. The main objective of the centre is to develop trained manpower and appropriate technology for food processing industry. From the academic year 2010-11, Ph.D. Programme was also started in CFST.

### Key Features

- ❑ The Centre has completed 14 projects funded by Ministry of Food Processing (MoFPI), DST, ICAR, etc.
- ❑ A total of 207 M.Sc. and 14 Ph.D. have completed their degree programme up to academic year 2018-19.

# College of Agriculture

# College of Agriculture

## (Established in 1962)

The College of Agriculture at Hisar came into existence on July 17, 1962 as Government Agriculture College. The College was initially affiliated to Punjab University, Chandigarh. The College of Agriculture, a citadel of agricultural education, research and extension, is one of the largest constituent colleges of CCS Haryana Agricultural University, Hisar. The College is also running UG (4 and 6-year) and PG programme at Kaul (established in 1974) and Bawal (established in 2015), respectively. Admission to the college is based on the merit list of the entrance examination conducted by the University. The college has magnificent infrastructure with all modern facilities to cater the academic needs of the students as well as faculty.

The College of Agriculture has magnificent building with 19 lecture rooms, 14 seminar rooms, a Computer Centre, an Auditorium and Examination Hall with capacity of 500 persons each. Lecture rooms of all the departments are well equipped with LCD facilities. College has excellent committee room with Videoconferencing facilities for faculty and students. The college has seventy well maintained laboratories equipped with most sophisticated instruments to support teaching and research needs of students and faculty. College has one NCC and NSS Unit. University has a farm of about 1000 hectares at Hisar, 67 hectares at College of Agriculture, Kaul and 98 hectares at College of Agriculture, Bawal for conducting research both for faculty and PG students as well as practical training for UG students.

### Key Features

#### Number of students passed:

Under Graduate	:	8699 (1970-71 to 2018-19)
M. Sc.	:	3089 (1970-71 to 2018-19)
Ph.D.	:	1243 (1970-71 to 2018-19)

### Awards and Recognitions in Research, Teaching and Extension Education

**National Awards:** Dr. Rajendra Prasad Award (1); Jawahar Lal Nehru Award (5); Team Awards including Rafi Ahmed Kidwai Memorial Prize (9); Best Centre Award (5); Indian Science Congress Award (1); Dr. B. P. Pal National Environment Fellowship Award on Biodiversity (2); ICAR Sponsored Best Teacher Award (15); PPIC Best Teacher Award (4); Hexamer Award (3); Din Bandhu Sir Chhotu Ram Trust Award (2); Rao Bahadur Dr. Ram Dhan Singh Award (3); Fertilizer Association of India (FAI) Golden Jubilee Award (1); NAAS Fellow and H.M. Shah Memorial Award (1); IPI-FAI Award (2);

**International Fellowships:** Visiting Fellow, ICTP, Italy (2); Visiting Scholar, IAC, Brazil (1); Fellowship for Ph.D. (6); Post-doctoral Fellowship (14); UNDP Fellowship (5); Commonwealth Academic Staff Scholarship (6); Alexander Von Humboldt Research Fellowship (7); DAAD Fellowship (9); ITTO Fellowship (2); Bilateral Exchange Fellowship (2); JSPS Fellowship (1); Endeavour Research Fellowship (1); Overseas Associate in USA (2) and The Netherlands Fellowship (1).

# College of Basic Sciences & Humanities

# College of Basic Sciences & Humanities

(Established in 1970)

The College of Basic Sciences and Humanities (COBS&H) was established in 1970 as one of the constituent colleges of CCS Haryana Agricultural University, Hisar. It is housed in a magnificent four storey building. The College imparts quality education in various disciplines of basic sciences and humanities to UG and PG students of all the constituent colleges of the University. The faculty of the college is well qualified, competent and very dedicated. Several faculty members have received ICAR sponsored Best teacher Award and recognition from National/International Societies. The faculty has implemented several ad hoc research projects from outside national & International agencies, and published quality research paper in high-impact factor journals. The COBS&H has the honor of having distinguished persons achieving Padam Shree Award, position of Vice-Chancellors of various Indian Universities and being the Senior administrators in organization like ICAR, CSIR, CCMB and ICRISAT.

## Key Features

### Number of students passed:

M.Sc. : 1211 (1970-71 to 2018-19)

Ph.D. : 488 (1970-71 to 2018-19)

## Others:

- The College has 32 net houses; two transgenic green houses; a bio-fertilizer production unit; a biogas plant; and a Computer Centre that has facilitated in imparting computer literacy to the students, and establishing Wi-Fi network and AEBS biometric systems in the University.
- Well-equipped laboratories, modern class rooms with LCD facilities and an auditorium with a seating capacity of about 300 persons.
- Well established computer centre, a botanical garden, 32 net houses, two transgenic green houses, a bio-fertilizer production unit and a biogas plant.
- Latest equipments like Real Time Quantitative PCR, ELISA reader, GLC, Fermenter, Chlorophyll Fluorescence meter, Rapid Visco Analyzer, Twin screw extruder, Rheometer, Texture analyzer, Lypholizer, etc..
- Completed 124 adhoc projects with external funding with publications in high impact journals.
- Students' placements in reputed Institutions and industries such as ASRB, DRDO, CSIR, ICAR, SAUs, govt. colleges, public/private institutions/industries; and also in academic institutes abroad..
- Filed 16 patent applications; three of them have already been granted.
- Students secured international fellowships including Monsanto Beachell-Borlaug, BBSRC-DFID, Canadian Commonwealth and National fellowships e.g. INSPIRE, CSIR and UGC etc.

# I.C. College of Home Science

# I.C. College of Home Science

(Established in 1973)

Indira Chakravarty College of Home Science was established in 1973 to cater the needs of women for higher education and for development of women, families and communities. It also aims at sensitizing and providing relevant multi-disciplinary knowledge to the students for developing scientific and technical skills among them for self actualization, catering to demands of job market and betterment of the family and community. To meet these challenges, I.C. College of Home Science continues to update its curriculum from time to time, besides actively engaging the students in research and extension endeavors. This college has gained a reputation for excellence and a proven record of students' success over the 48 years of its existence.

The college is offering two undergraduate degree programmes of four years duration leading to B.Sc. (Hons.) Home Science and B.Sc. (Hons.) Community Science. B.Sc. (Hons.) Community Science was started recently from academic session 2017-18. The College offers M.Sc. and Ph.D. programmes in five disciplines i.e. Extension Education and Communication Management (EECM), Foods and Nutrition (FN), Family Resource Management (FRM), Human Development and Family Studies (HDFS) and Textile and Apparel Designing (TAD). All the programmes of I.C. College of Home Science are only for female candidates. The College of Home Sciences has a highly qualified faculty in teaching and research schemes. All the faculty members are Ph.D. and most of them are highly experienced having international experience.

## Key Features

### Number of students passed:

Under Graduate	:	2424 (1970-71 to 2018-19)
M. Sc.	:	740 (1970-71 to 2018-19)
Ph. D.	:	197 (1970-71 to 2018-19)

### Others:

- ❖ IC college of Home Science has been ranked first topmost college in Haryana as it secured 49th rank across India in NIRF Rankings 2020 by MHRD.
- ❖ Ch. Devi Lal Outstanding All India Co-ordinated Research Project (AICRP) Award.
- ❖ Centre of Excellence on “Processing and Value Addition of Pearl Millet for Nutritional Security” in the Department of Foods & Nutrition.
- ❖ Three experiential learning projects on Bakery and Confectionary (FN), Information Material Production (EECM) and Digital Embroidered Home Furnishings (TAD).
- ❖ Developed protective clothing for farm workers and textile industrial workers, standardized paper patterns of different garments and dyeing & printing techniques.
- ❖ Development and testing of time and energy saving technologies for rural women.
- ❖ Need based trainings on income generating activities for rural women.

# Nehru Library

# Nehru Library

(Established in 1975)

University has magnificent Nehru Library building-a blend of functional structure, elegance and exquisiteness-is centrally located within an easy access from all the constituent colleges of the university, hostels and residential areas. Library building has 97,700 sq. ft. of total floor area with stacking capacity of 3 lakhs volumes. It has a seating capacity of 650 readers with night reading hall of 120 student capacity. It also has 21 reading rooms. Library has large print collection of about 2.45 lakhs books, 1.04 lakh periodicals, 13 thousand thesis and around 6 thousand e-resources. It provides information support to its faculty and other non-teaching staff. In addition, it also has wide no. of Indian and Foreign print and online journals of current subscription. This magnificent Library has maintained its collections at College of Home Science, Hisar, College of Agriculture, Kaul, Campus School, Krishi Vigyan Kendras (KVKs), and Regional Research Stations. Nehru Library is successfully leaping towards executing the onerous job of exploiting the power of information technologies to its advantage applying them to various library activities for retrieval and dissemination of information.

## Key Features

- ◆ Providing digitized services through Agricat, Britannica Online Academic Edition, CeRA: Gateway to e-Journals, e-Books, e-Conference Alerts, e-Databases/CDROM databases, e-Learning Portal on Agricultural Education (e-KrishiShiksha), Indiastat.
- ◆ Library also provides access to e-Journals, Online Catalogue and Krishikosh.
- ◆ Participating in resource sharing activities at national level such as implementing Krishiprabha and e-Granth.
- ◆ Due to implementation of e-Granth Project, Nehru Library, CCS HAU, Hisar has become member of OCLC which is the largest library network in the world.
- ◆ One of the 41 libraries in India which are uploading their catalogue holding on the WorldCat.
- ◆ Providing latest ICT based application tools i.e. video-conferencing, multimedia, smart class room, etc. Appreciation certificate by ICAR to the CCS HAU for effective implementation of Krishiprabha Project and updation of Krishikosh.
- ◆ Radio Frequency Identification (RFID) Technology has been fully implemented in Library. Entire collection of library has been made bar-coded as well as RFID tagged for automated circulation activities.
- ◆ Library is issuing QR coded Smart ID card to all University employees and students which are integrated with RFID application.
- ◆ Modern health friendly canteen in the Library premises, where library users can have light refreshing eatables.

**Book Bank Facility:** Under this facility students are entitled to borrow textbooks at nominal charges for whole semester. Bookshop facility is a unique service of the library as no other library supports such type of activity.

## Directorate of Students' Welfare (Physical Education/Music)

# Directorate of Students' Welfare

## (Physical Education/Music)

(Established in 1971)

The Directorate of Students' Welfare is responsible for the housing and well being of the students, personality development through cultural, sports and other activities, and guides them in choosing their career through counseling and placement.

### Key Features

#### Hostel Facilities

- ✓ The accommodation is provided in 18 hostels out of which 13 hostels (5 for Boys, 7 for Girls and one for PG married students) are situated at the main campus Hisar, 2 hostels; one each for boys/girls at Kaul and 3 hostels; 2 for boys and 1 for girls at Bawal. This also includes Women Scholar Hostel converted temporarily from Married Flats.
- ✓ The Hostels are equipped with all the latest facilities such as WiFi, LCD TV with dish antennae, solar water-heating system, gas connection, furniture, EPABX phone facility, water coolers with purifier system. Messes of hostels run on cooperative basis.

#### Giri Centre for Students' Welfare and Activities

- ✓ The Giri Centre for students' welfare and activities is an outstanding feature of this University with sports and other activities. It has two indoor Badminton Courts with a seating capacity for 600 spectators, two indoor squash courts, hobby rooms, two multi-purpose indoor gymnasiums with a reasonable seating capacity. Grounds/courts/tracks/links are available in the University Sports Complex.
- ✓ A synthetic track of international standard has also been provided in the Athletic Stadium. Volleyball grounds have lighting arrangements for playing at night. Hockey, Football, Cricket and Basketball grounds are well maintained.

#### Co-curricular Activities

- ✓ For promotion of all co-curricular activities such as Sports, NCC, NSS, Mountaineering and adventure, Graphic Arts, Literary and debating, Music, Dance, Dramatics, NIS etc., regular classes and various trainings/workshops are arranged from time to time. A full fledged chapter of SPIC MACAY is also functioning in the University.

#### Students' Counseling and Placement Cell

- ✓ This Directorate in association with the Department of Employment, Haryana, has set up a University Employment Information and Guidance Bureau, which provides information to the students about job opportunities, competitive examinations, scholarships/fellowship etc. Besides, the Cell also brings out a fortnightly news letter 'Career Bulletin' for students of the University to keep them abreast of information on placement, admissions, scholarships, fellowships etc. in India & abroad.
- ✓ A Students' Centre for Career Excellence has also been established which provides coaching for various competitive examinations.

# DEENDAYAL UPADHYAYA CENTRE OF EXCELLENCE FOR ORGANIC FARMING (DDUCE-OF)

# Deendayal Upadhyaya Centre of Excellence for Organic Farming

(Established in 2017)

Deendayal Upadhyaya Centre of Excellence for Organic Farming was established on October 31, 2017 in an area of about 150 acre at Chaudhary Charan Singh Haryana Agricultural University, Hisar. The farming community is taking keen interest in adopting organic farming to the possible extent and hence to address such issues this centre was started.

The main vision of the center is to identify, develop, refine, validate and promote the socially acceptable, economically viable, eco-friendly and sustainable technologies for healthy and nutritious food production. Its mission is to find out knowledge gaps, development of efficient and innovative technologies starting from seed to marketing of organic produce.

The scientists working in the centre doing their best efforts to popularize organic farming, to carry out research and extension activities related to organic farming, to develop a package of practices and to incubate farmers into successful organic growers.

## Key Features

- ✓ Research Farm is well equipped with an automated micro-irrigation system with ample water storage capacity. It has a sub-surface drainage system for recirculation of excess water as well.
- ✓ The farm is directly connected with the “Innovation Centre for Agri-Waste Management” to meet day to day requirement of organic inputs in form of customized bio-fertilizer, liquid slurry, biochar etc.

## Challenges

- ✓ Management of weeds, insect pests, nutrients and diseases are the major problem in successful crop production.
- ✓ Development of package of practices for different crops is next priority of this center.
- ✓ Sound marketing strategies and popularity of organic crop produce.
- ✓ Development of linkages with different organizations, farmers and consumers.
- ✓ Development and promotion of on farm/indigenous formulations for the eco-friendly management of insect pests, diseases, nutrients and weeds.
